

September Match

At the first of the week I was sure we were going to have the best shooting week-end of the year, but NO, the rain came. Twenty eight brave souls came and shot and had a good time. We got a little wet, but had fun. Parson edged Doc out for first and there were three clean matches even with no make ups on the star.

We are not going to have work day due to the fact the person was going to bring us the material and set it up for us is in Texas helping with the Hurricane damage. He will be there for a while. So we go to plan B. Whatever that is. I'll let you know. Most likely we will build the walls with cross ties like the other one.

Some of us will be traveling to Monroe and Alabama before our next match, we'll let you know how we do.

Leatherneck is getting around a little after the breaking of a leg. Lilly gave him a little grief and called him "Chester" a few times but he hung in there and kept score all match. So much for jumping off the tail gate. Leave it for the young.

Fleetwood Mac is sponsoring a table for the Mississippi Peacemakers at the Friends of NRA next week. Some of us will go and represent the club. Maybe down the road we can get some range money from the NRA.

Harpe was not at the shoot due to Carol's mother passing away. Please keep them in your thoughts and prayers during this time.

Ready for some Fall weather and good shoots ahead. Anybody want to write a stage for next match? Let me know. See ya down the road !

“ On the Posse”

Shoot'in in the rain was an added challenge for the September match. We still shot 5 really good stages in spite of the rain. A new shooter, Coloradian , shot his 1st match and said he had a very good time. Parson showed his ninja skill shooting through heavy smoke and hitting the targets any way coming in 1st overall. Shortstuff and Freestate each shot well, but she out gunned her hubby again. Old Paul and Winchester were having a good day and it was really good to see and shoot with them again. Fleetwood shot good and led the way each stage shooting 1st (no fear). Hawg Runner was making a lot of smoke and noise and having a good time. Gold Star and Iron Will both helped work the Posse. Hanabil Hayes is working on being a sharpshooter, with no misses for the match. Boothill Coyote was shooting his new lever shotgun ,but was not sure he was liking it or not. Iron Mule was also shooting some nice new Smoke Wagon pistols. Tim Burro was having primer problems with his rifle, but kept the lead headed downrange anyway. I had a good time shooting with everyone and will see you **“On the Posse”** next month.

Lost and Found

Found these three hobos left on the porch at the Home For Wayward Women in Purgatory. After they picked up around the yard I threw them a biscuit and let them sleep in the old feed sacks. Thats Billy Ray on the right, Wyletta in the middle and Little Harpe on the left.
