*Annual Match Is A Done Deal*

Thanks to all who worked hard and made the match a success. I'm sure I left out some people that worked hard and participated in the match. I meant to mention Rebel Hawk at the banquet. He spent three days in the club house helping with the registration and guarding any thing of value in the club house. Thanks Rebel Hawk. There are others that worked hard also. Thanks to everyone.

We had good comments on our range and stages. The range looked very good and made an impression on a lot of people who saw it before the match started. It looks a little weathered now, but I saw several members out there picking up brass and hulls after the match. Thanks to them.

Congratulations to Short Stuff and Parson for shooting well enough to win the State Buckles as well as high woman and high male. Parson won the over all match against some impressive shooters. ( He got the Stirrer Award too)

We will have to get Diamond Lilly some relief next year. She is working herself to death. The award table looked as good as any I have ever seen and Lilly did ALL of that. She also did the scores and made up the stage booklets. All of that requires a lot of time. Someone else needs to step up and maybe take over making the stage booklets. Think about it.

Harpe hurt his arm during the side matches and was unable to shoot the match, but still ran his posse and was there the whole time. Thanks to Harpe and get well soon. Thanks for the use of the golf cart too, it was a big help.

Parson presented the club the club flag; I hoped you noticed, it looks good.

Southern Outlaw didn't shoot with us this year, but came down to the range. He is working seven days a week and has not been able shoot. He made a generous contribution to the club to help out with expenses. Thanks very much Southern Outlaw.

Dirty will make a treasure's report at the next shoot. I suggest that we get the walls built and buy twenty new knock down targets to be used in a down range stage once the walls are built. After all fun is the name of the game.

Thanks to Whitey for the vendor turn out. Some will return next year. I hope they made a little money.

Thanks to Dirty for arranging the on range food and the entertainment at the banquet. Thanks to Leatherneck for arranging the banquet food.

The next shoot is May 15, hope to see you there. I expect we will have some new shooters too.

See you down the road and shoot straight.

## *Squinter*

What a great match!!!! I personally want to thank all of the officers and volunteer workers who did such a wonderful job this year. It was what I call a shooters shoot. Plenty of moving with some thinking added in with a few birds in the mix. Well thought out and well planned. Course the banquet had a few surprises. If you weren't there, I won the coveted stirrer of the year award. If Squinter thinks I stirred things up this past year, just wait till next year. It's a fun award and I guess, I earned it this year. During the two day match, the club flag was flown for the first time. It took some time to get it but, like most people, I like it. The fifth Saturday shoots helped to pay for it so those cowboys who have been shooting on those days, you helped bring it to life. So with 2010 in the books, the weather was great, the people were great, the shoot was great, and we got to meet up with old friends. What more could one ask for? Until we meet again shoot straight and have fun.
