

The Jail

Sheriff Cohay captured one of the bandits who tried to rob the bank and had him locked up in the jail. Rumor had it that his companions in crime planned to break him out so he was being kept under constant guard. His friends were determined however to effect his release by any means necessary so they planned to storm the jail during the Sheriff's dinner break as Sheriff Cohay was known for never missing a meal. Sure enough he left right on time and they moved in to overpower the deputy. A fierce shootout erupted but was repulsed by Purgatory's finest.
